

# Project Proposal

## Project Name:

Upack - Easy Office - VB.Net.

## Abstract:

Upack is a project which will provide a better user interface in office work with some additional application.

Now at present the most recent office application software is ms-office in which the users are able to work in convenient manner. But they are not getting some more applications like drawing pad, calculator and browser for accessing the internet. This Upack is a windows application which provides the facilities for accessing calculator and some internet browsers along with office tools.

## Advantages

- Upack is more flexible than any other office tools as it contains more additional applications.
- After installing Upack there is no need of installing browser and calculator separately. All the things are combined in one software package.
- It will take less memory as compared with any other office tools as all the applications are combined.
- Upack Browser can extract external web site link and email from the current web page and display in notepad for saving, it can be helpful to generate and collect email from the site.

## Project Scope:

From an end-user perspective, the Upack - Easy Office having following modules.

- Design the note pad.
- Design the word pad.
- Design the calculator.
- Design the browser.
- Design the drawing pad.

To buy complete ready to submit synopsis, project report, source code, and data base script.

### **Software Requirements:**

- VB.Net
- Visual Studio 2010 / 2012/2015 or higher

### **Hardware Requirements:**

Processor: Preferably 3.0 GHz or Greater.

RAM : 1 GB or Greater.

### **Limitations of the Software:**

This project was developed to fulfill user and business requirement; however there are lots of scope to improve the performance of the Upack – Easy Office in the area of user interface, and adding more features. Etc..

### **Future Enhancements:**

- Integration with MS Office.
- Security lock for browser to restrict specified sites.

### **Project Details:**

- No of Form, Pages, Reports in project source : **12**
- No of pages in project report : **95**

### **Project Demo:**
